Advertising Policy KGD discussion

New language proposed for handling distribution of partnership.

Non-profits allowed to distribute, though must submit documentation establishing their formal status as a non-profit. Promotional materials from other pre-K-12 institutions will not be allowed. District regulations would require submittal of a valid tax identification number as part of the distribution request.

A new draft version will be prepared by the secretary and distributed for review at the next regular Policy committee meeting.

The meeting adjourned at approximately 7:55 p.m.

Respectfully Submitted,

Jim Frey
Policy Subcommittee Secretary
