

Think Tank Report
By: Berta Erickson
12/03/08

The Think Tank has been meeting on a regular basis since late September. Our minutes are enclosed in your packets and I have enclosed a fairly comprehensive list of what we are considering.

Please study, especially the lists, to share and prioritize that which you think deserves consideration.

Another item has since been added and may be considered for high priority: Open communication with the Town Halls as to what we presently share in expenses and what can be considered for the future.
